CRAFTING CUTTING EDGE SOFTWARE SOLUTIONS WITH PRECISION

Cyprus | +35799473972 | zailetzarrar@yahoo.com

ABOUT ME

Enthusiastic and goal-oriented Software Engineer, with more than 5 years of experience in software engineering. Done BS'c in Computer Engineering, majors in software development and architecture. I have a proven ability to designing, developing, and maintaining high-quality software systems. My expertise lies in full-stack development, with a focus on using modern technologies and best practices to build scalable and efficient software and solutions. Also well-versed in Agile development methodologies, and have experience working in fast-paced, collaborative environments, have really strong grip on Web Applications, Microservices, CRM, CMS, SAAS, Cloud and its workflows. I have experience in leading projects from concept to deployment, and have a strong ability to work with cross-functional teams. Quick learner, with a passion for staying up-to-date with the latest developments in the field.
